Daniel Vargas

Frontend Developer - Over 8 years of experience

Cd. Juárez, Chihuahua, México
Phone: 6567964656 | Email: daniel.vargastr@gmail.com | Portfolio: varbyte.dev

Professional Profile

Frontend Developer with over 8 years of experience in building web, mobile, and desktop applications. Creative, proactive, and problem-solving oriented. Passionate about writing clean and efficient code, using modern practices, and keeping up to date with the latest technologies.
I consider software development like cooking the perfect pizza: the ingredients must be of high quality, the process must be meticulous, and the result must satisfy the client.

Technical Skills

- Programming Languages: TypeScript, JavaScript (ES6+), PHP, Python, HTML5, CSS3, SQL.
- Frameworks and Libraries: React, React Native, Vue, Angular, Ionic, ExpressJS, SlimPHP, Laravel, Bootstrap, Ant Design.
- Tools and Technologies: Git, TailwindCSS, Materialize, SASS, Stylus, Apollo, Vite, SQLite, MongoDB.
- Design Software: Adobe Illustrator, Photoshop, Premiere Pro, After Effects.
- Operating Systems: Linux, Windows, Mac OS X.
